

Superstition vs. Scientific Method

Reality is Subjective: it is a personal experience DEFINED
By millions of VARIABLES that a single person accumulates
In their life time, and integrates into their own PERSONAL Logical
Comprehension within the Cognitive Core, so that every REALITY is
a PERCEPTION OF THEIR ACCUMULATED-INTEGRATED EXPERIENCE.

THUS, REALITY IS SUBJECTIVE.

Resistance = Friction
Out-of-Signals = FEEL it
Electromagnet = Love Frequency (Force)
MULTIPLE Frequencies = FEEL them = Harmonic Dissonance

4th Perspective's RESPONSE to the 3rd Perspective

- 1 - Self-Regulate... Saving the Self Others must save YOU
- 2 - Adventure and explore to discover self-empowerment... empowerment of others (Narcissism)
- 3 - TRIAL AND ERROR "FORCED REPEATED HABIT"
- 4 - Self-Control ... Projected Control
- 5 - POWER OF CHOICE ... Power of Choice without ANY REGARD for others
- 6 - Repent... Self-Value.... DOORMAT/Self-Sacrificial

If you prioritize LAW and ORDER over
SELF-GOVERNED ETHIC and MENTAL HEALTH

Law Enforcement = "PROJECTED CONTROL"

You are at 4th Perspective.
